

BRYANT PRO ECOBEE® THERMOSTAT

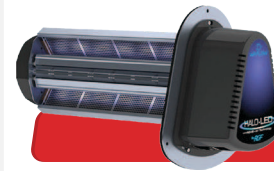

\$895.00

Features

Full-color, touch-screen interface
In-depth energy reporting
Monthly energy savings tips customized to the way your home uses energy
Perfect heat technology

Benefits

Saved homeowners an average of 26% on their heating and cooling energy costs. With Wi-Fi® capability, you can access your system 24/7 and view detailed energy reporting from your tablet or web portal. Save even more money. Energy Star®.

REME HALO® PRO AIR PURIFIER

\$1,375.00

Features

The REME HALO® in-duct air purifier utilizes RGF's proprietary Reflective Electro Magnetic Energy technology. Installed into the supply duct, air purifier produces Hydro-Peroxide plasma that is distributed through the air handler, through the duct system, and into the conditioned living space.

Benefits

Unlike passive air technologies, which need pollutants to pass through the unit for purification or filtration, the REME HALO® in-duct air purifier sweeps through your home actively purifying pollutants at the source.

PRO VOLTAGE MONITOR W/SURGE PROTECTION

\$1,130.00

Features

Professionally Install 1PH 120V/240V Professionally Install 1PH 120V/240V RSH-50 VRM Kit application

Protects equipment from electrical surges and voltage disturbances by utilizing safety thermal fusing and gas discharge tube surge protection technology.

Benefits

The unit is fully programmable to set the voltage cutoff range from 90V to 300V while storing up to 300 events
Recommended for Residential and Commercial Use, all single phase 120/240V HVACR Equipment (air conditioning, heat pumps, mini-split applications)
3-year warranty

PRO CONDENSATE TRAP W/SAFETY SWITCH

\$315.00

Features

The **EZ Trap 626** is a valuable HVAC component designed to prevent clogs and simplify maintenance in condensate drain lines. Its transparent design allows for easy inspection, helping to detect blockages early and reduce the risk of water damage.

Benefits

With accessible cleaning features, it ensures proper drainage, improves system efficiency, and minimizes mold or bacteria buildup. By keeping the drain line clear, the EZ Trap 626 helps extend the lifespan of HVAC equipment while making maintenance quick and hassle-free.

HONEYWELL PRO 3H/2C PROGRAMMABLE THERMOSTAT

\$585.00

Features

The T Series programmable thermostat streamlines everything from product selection and installation to customer service and support. With a standard footprint and simple interface, the T Series will enhance the entire thermostat experience for you and your customers alike.

Benefits

All programming and configuration settings are permanently stored, even during power outages. These thermostats provide best-in-class comfort, while saving energy.

PRO ZONING FOR UP TO THREE ZONES

\$4,995.00
Price May Vary

Features

Zone Perfect digital thermostat lets you program temperature and humidity levels in 7-day cycles, variable in up to 8 zones. You'll enjoy both greater comfort and lower energy costs, all from a single, powerful source.

Benefits

Control 2, 4, or 8 distinct zones
Custom 7-day programming for each zone
Settings automatically adjust based on occupancy or usage

PRO MINI SPLIT AIR PURIFICATION UNIT

\$585.00/\$1,130.00

Features

The RGF CLEAR SKY Continuous Self-Cleaning Ion Generator for mini split HVAC units was developed to produce bi-polar ions in the conditioned space of homes and commercial buildings. This system has separated quad ion emitters for superior Bi-Polar ionization.

Benefits

The RGF CLEAR SKY reduces particulates, allergens, smoke, bacteria, viruses, and mold spores.

RENEWAIRE PRO ENERGY RECOVERY VENTILATOR

\$4,995.00

Features

RenewAire residential ERVs are a sustainable ventilation solution. Our static-plate, cross-flow core separates the outgoing, polluted indoor airstream from the incoming fresh airstream—while simultaneously transferring total energy (heat and water vapor) between the two.

Benefits

Airstreams do not mix, and pollutants are not transferred across partition plates. In the winter, that means that the cold, dry outside air is preheated, and humidified by the outgoing warm interior air. And in the summer, the warm, humid outside air is pre-cooled and dehumidified by the outgoing air-conditioned interior air.

HONEYWELL PRO 2H/1C PROGRAMMABLE THERMOSTAT

\$415.00

Features

The T Series programmable thermostat streamlines everything from product selection and installation to customer service and support. With a standard footprint and simple interface, the T Series will enhance the entire thermostat experience for you and your customers alike.

Benefits

All programming and configuration settings are permanently stored, even during power outages. These thermostats provide best-in-class comfort, while saving energy.

INTERMATIC SURGE PROTECTOR

\$315.00

Features

1 Phase, 1/2 Speed AC Surge Protector (120/240V)

Power surges are the silent killer for home appliances and HVAC equipment. Most homeowners protect their electronics, but leave more valued equipment unsecured.

Benefits

Search no more. The easy-to-install AG3000 surge protector is the perfect add-on for HVAC equipment. It features unmatched surge protection ratings and a 3-year, \$7,500 connected equipment warranty.

SANTA FE PRO WHOLE-HOUSE DEHUMIDIFIER

\$4,125.00

Features

The Santa Fe Ultra98 is designed to deliver exceptional indoor air quality by providing dedicated moisture control, fresh air mechanical ventilation, and superior air filtration (MERV-13) to the entire home. The unit features an extremely well-insulated, compact, horizontal cabinet (optional vertical discharge) for the ultimate in quiet operation.

Benefits

Features a horizontal configuration with optional vertical discharge. Designed for quiet operation and engineered for low-temperature operation, providing comfort year-round. Superior MERV-13 filtration to improve indoor air quality. Ducting option for fresh outdoor air ventilation. Push button reset for transformer protection.

PRO KIDDIE CARBON MONOXIDE DETECTOR

\$99.00

Features

The Kidde KN-COB-LP2 battery-operated carbon monoxide alarm utilizes sophisticated electronic components to protect you and your family from the dangers of carbon monoxide.

Benefits

Includes a slide-out battery door that gives immediate access to the batteries and a safety feature that makes it difficult to close the door without the batteries being installed. Inside cover of battery door features quick reference guide for what to do in case of an alarm. This easy-to-install alarm is suitable for all living areas and has a 10-year life and a 10-year limited warranty.

Additional charges may apply.

SYSTEM IMPROVEMENTS

**WHATEVER
IT TAKES.®**

**BRYANT PRO
EVOLUTION®
PERFECT AIR
CLEANER**

\$2,275.00

Features

The Evolution Air Purifier has demonstrated effectiveness against the murine coronavirus, based on third-party testing (2020) showing a >99% inactivation. Therefore, the Evolution Air Purifier can be expected to be effective against SARS-CoV-2 when used in accordance with its directions for use.

Benefits

Creates a cleaner operating system for your home, which keeps your system operating more efficiently, saving you money. Purifies the air in your home providing cleaner air for your family to breathe.

**APRILAIRE PRO
AIR PURIFIER**

\$895.00

Features

The Aprilaire Air Purifier provides highly efficient, whole-home air cleaning and effective removal of pollen and mold.

Compare this to a standard 1" air filter, which isn't an air purifier, and doesn't do any of these things.

Benefits

Includes Clean Coil Guarantee: Aprilaire Air Purifiers are so effective at removing particles and contaminants that should your new indoor air conditioning coil require professional cleaning in the next 10 years, Aprilaire will pay \$100 toward the cost of having the coil cleaned.

**BRYANT PRO UV
LIGHTS**

\$850.00

Features

Inhibits fungus & microbial growth on indoor coil/drain pan

Offers a cleaner indoor coil

Trouble-free, simple installation

Nearly maintenance free operation

Benefits

The Bryant Ultraviolet lamp provides homeowners with a cleaner indoor coil and improved indoor air quality, improving your health as the system circulates air in your home.

Additional charges may apply.

MAKING YOU AS COMFORTABLE AS FAMILY

**BRYANT/APRILAIRE
PRO FAN/BYPASS
HUMIDIFIERS**

\$1,250.00/\$950.00

Features

Smooth, low noise operation
Optimal distribution of moisture

10-year parts warranty

Benefits

Helps eliminate the problems associated with dry, heated air. Provides enhanced comfort and energy savings since humidified air actually feels warmer than dry air.

**APRILAIRE PRO
STEAM HUMIDIFIER**

\$3,250.00

Features

The Aprilaire 801 is a whole house humidifier with modulating output. This modulating capability allows the unit to meet a tighter relative humidity control for a much more comfortable environment. This model is capable of humidification of up to 6,200 feet and has a maximum steam capacity of 34.6 gallons per day.

Benefits

Helps eliminate the problems associated with dry, heated air. Provides enhanced comfort and energy savings since humidified air actually feels warmer than dry air.
